

2018–2019 Online Test Delivery System Support Changes (effective August 2018)

This document lists the planned support changes for the Online Test Delivery System (TDS). Dates and support are subject to change based on Quality Assurance (QA) results. For more information on the supported systems, refer to the [Supported Browsers](#) page.

OS	Added Support	Dropped Support
Windows	<ul style="list-style-type: none"> Windows 10¹ Secure Browser 10.3 	<ul style="list-style-type: none"> Internet Explorer² Secure Browser 10
Mac	<ul style="list-style-type: none"> 10.14³ Secure Browser 10.3 	<ul style="list-style-type: none"> Safari 8 and below Firefox 45–51 Secure Browser 9.5, 10, and 10.2
Chrome	<ul style="list-style-type: none"> 67 and above Mobile Secure Browser 3.1 	<ul style="list-style-type: none"> 66 and below Mobile Secure Browser 3.0 and below
iOS (iPad)	<ul style="list-style-type: none"> 12³ Safari 12³ Mobile Secure Browser 5 	<ul style="list-style-type: none"> 9.x⁴ Safari 9⁴ Mobile Secure Browser 4.1 and below
Android	<ul style="list-style-type: none"> 9³ Mobile Secure Browser 5 	<ul style="list-style-type: none"> 6 and below Mobile Secure Browser 2.1 and below
Linux	<ul style="list-style-type: none"> Fedora 27 and 28 Secure Browser 10.3 	<ul style="list-style-type: none"> Fedora 25 and 26 Secure Browser 10.1

Notes:

¹Builds 1507–1803 will be supported when TDS opens. Build 1809 will be supported after its release and QA testing.

²Internet Explorer for Student Practice tests will not be supported. IE for Test Administrator (TA) site will still be supported.

³Support will be available after the system release and QA testing.

⁴Support will be available when TDS opens for the 18–19 school year.
